### STATE LEGISLATURE.

SEVENTY-SIXTH DAY'S PROCEEDINGS.  
SENATE.

WEDNESDAY, March 10.—The Senate assembled at 11 A. M.

The House returned to the Senate, with amendments, a bill to enable the banks of the State to renew business, or to place them in liquidation. On motion, the Senate concurred in the amendments of the House to Section 1 of the bill, by striking out, in the seventh and eighth lines of the manuscript copy, the words "for sixty days after the ratification of this Act," and inserting in lieu thereof the words "until the 1st day of December, 1869."

The House also amended Section 2 of the bill, by inserting, in the third line, after the word "General," the words, "giving a full statement of all the property and assets and liabilities of the bank, and shall furnish a full statement of all their transactions every thirty days thereafter; and for every case of failure or neglect to so report, the officers of the bank shall forfeit and pay twenty-five dollars for each day so failing, to be collected by the Sheriff of the County, on the order of the Comptroller-General, approved by the Governor, to be appropriated to the use of the State."

The petition of citizens of Union and York Counties, praying for a charter to build a bridge over Broad River, was referred.

The presentment of the grand jury of Lancaster County was read and referred.

The account of "Dr. B. E. Martin, for post mortem examination, was referred.

Bills to provide for the uniform and proper promulgation of all legal and public notices; to carry into effect the provisions of the Constitution in relation to the rights of property of married women; to renew the charter of the ferry across the Congaree River, received third readings, passed, and were returned to the House for concurrence.

The Special Committee of Three, appointed to inquire into the affairs and condition of the Cedar Springs Deaf, Dumb and Blind Asylum, Spartanburg County, submitted the report of that committee relative to the above institution.

A joint resolution authorizing the Governor to cause suit to be instituted against the Laurens Railroad Company, to protect the interest of the State, was ordered for consideration to-morrow.

A bill to create the County of Coosawhatchie was read by its title and referred.

Leave was asked and obtained to withdraw from the files of the Senate a joint resolution to allow the Cheraw and Coalfields Railroad Company to draw a portion of the appropriation granted said company.

On motion, a joint resolution directing Sheriffs and other persons to forthwith turn over tax executions to the County Treasurers, was reconsidered, and the following adopted as a substitute:

Be it resolved, by the Senate and House of Representatives of the State of South Carolina, now met and sitting in General Assembly, and by the authority of the same:

SECTION 1. That all Sheriffs or other persons holding tax executions at the date of the passage of this resolution shall forthwith turn over the same to the Treasurer of the County for which the taxes are to be collected. The Treasurer shall thereupon proceed to collect said taxes in the same manner as though there had been no executions issued thereon.

SEC. 2. That in case said Sheriffs or other persons shall fail to forthwith comply with the provisions of the first section of this resolution, it shall be the duty of the Treasurer of said County to immediately report such misconduct to the Solicitor for the Circuit in which such Sheriff or other person may reside, who shall forthwith proceed to prosecute said delinquents.

SEC. 3. A violation of the provisions of the foregoing sections of this resolution shall, upon conviction thereof, subject the offender, or offenders, to a fine of not less than \$1,000, and imprisonment at hard labor in the County jail for not less than six months.

### HOUSE OF REPRESENTATIVES.

The House met at 11 A. M.

The Committee on Incorporations reported favorably on a Senate bill to incorporate the South Carolina Improvement and Trust Company. Ordered to a second reading.

The Committee on the Lunatic Asylum submitted the following report: The Com-

mittee on the Lunatic Asylum beg leave to make the following report, stating the estimate of appropriation needed for the maintenance and medical attention of transient and County paupers in the Lunatic Asylum from January, 1869, to January, 1870, as also to cover the deficit in the receipts of the year 1868, and for repairs and incidental expenses:

For maintenance of transient paupers—24 at \$212	\$5,088
For 33 per cent. increase	1,696
For maintenance of County paupers—129 at \$52	6,708
For 33 per cent. increase	2,236
For payment of current expenses and debts now due	4,500
For incidental repairs to buildings, etc., during the year	1,000
	\$21,228

This estimate is based upon the number of patients in the Asylum on the 1st of November last, the date of the annual report, and differs but little, if at all, from the estimate furnished the Comptroller-General by the President of the Board of Regents.

The appropriation made by General Canby for the year 1868 was made from an estimate on like basis, and proved to be correct.

The last two items in the schedule really constitute the only appropriation asked for. The first four items must indeed be provided for, but the aggregate, \$15,728, is a debt annually due by the State, and is a portion of the income of the Asylum. In other words, the sum of \$5,500 is all that is asked for outside of the regular appropriation. The necessity of asking for any aid from the Legislature, outside of the annual sum due by the State on account of transient and County paupers, is fully explained in the annual report of the Treasurer of the Asylum in November last. Referred.

The petition of citizens of Darlington County against the removal of the Court House from Darlington to Timmonsville, was referred.

The following preamble and resolution was submitted and agreed to:

Whereas, the General Assembly has now been in session some seventy days, and as yet the members of the General Assembly are ignorant of the amount of currency necessary to carry on the State government; therefore, be it

Resolved, That the Committee on Ways and Means be instructed to report the appropriation bill on to-morrow.

A message from the Senate was received, inviting the House to unite in joint assembly with the Senate on Saturday, March 13, 1869, at 1 P. M., for the purpose of entering into an election for three Commissioners, as provided for in an Act entitled "An Act to provide for the consolidation of the statute laws of the State of South Carolina." Agreed to.

A bill to provide for the licensing of peddlers was made the special order for Friday, March 12, at 2 P. M.

The following members obtained leave of absence: Dusenberry, Turner and Ezekiel.

MORE IMMIGRANTS.—During the past week the number of immigrants landed here through the Society's Agent, Mr. Bruggemann, amounted to fifteen, the majority of whom being engaged for this district, while the number of applications are increasing. Mr. B. is doing an efficient service in being the instrument in bringing into our midst the intelligent labor and strong energies of an industrious class of people. Let them come.—Newberry Herald.

### Special Notices.

A MALARIOUS MONTH.—March, that gives us a new President, is also the inaugural month of many harassing disorders. Entangled in its fogs are the seeds of coughs, colds, and of that alternation of frigidity and fire, more widely known than admired, called fever and ague. The only way to avoid these "little unpleasantnesses," is to render the system strong enough to fight off the atmospheric poison that produces them, and the best way to endow it with this repellent power is to tone it with HOSTETTER'S STOMACH BITTERS.

If a way-farer were credibly informed that a ruffian was waiting at the next corner, he would doubtless turn in his tracks, and take a safer route to his destination. With just about the same amount of trouble, the attacks of diseases prevalent at this season may be evaded. Nay, the trouble will be less, for drug stores lie in every one's route, and every respectable druggist in the Union keeps on hand HOSTETTER'S BITTERS. The article is a staple of trade, and it would be as easy to find a grocery without sugar, as the store of an apothecary without this popular tonic remedy.

In view of the experience of the nation with regard to the article, during the space of twenty years, it seems almost unnecessary to recapitulate its merits to Americans. But as our population is increasing at the rate of 2,000,000 a year, in the natural way and by immigration, it may be as well to hint to the rising generation and new arrivals, (the old settlers know all about it,) that HOSTETTER'S STOMACH BITTERS is the most wholesome and potent vegetable tonic ever manufactured; that it is a specific for debility, dyspepsia, biliousness, and miasmatic fevers; that it prevents, as well as cures, these complaints and their complications; that it is not "bad to take," and is absolutely harmless.

To Consumptives.—The advertiser, having been restored to health in a few weeks, by a very simple remedy—after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used, (free of charge,) with the directions for preparing and using the same, which they will find a SURE CURE FOR CONSUMPTION, ASTHMA, BRONCHITIS, &c. The object of the advertiser in sending the prescription, is to benefit the afflicted, and spread information which he conceives to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription, will please address

"MANHOOD"—Another new Medical Pamphlet from the pen of Dr. Curtis. The Medical Times says of this work: "This valuable treatise on the cause and cure of premature decline shows how health is impaired through secret abuses of youth and manhood, and how easily regained. It gives a clear synopsis of the impediments to marriage, the cause and effects of nervous debility, and the remedies therefor." A pocket edition of the above will be forwarded on receipt of 25 Cents, by addressing DR. CURTIS, No. 58 North Charles street, Baltimore, Md.

Globe Mutual Life Insurance Co., of N. Y.  
CASH ASSETS JANUARY 1, 1869, \$1,171,000.  
INCORPORATED 1864

Has been in operation but four years, during which time it has assured a larger amount than any Company in the United States, during a corresponding period of existence. One of the chief causes of its organization, was the forfeiture by several Northern Companies of the policies of Southerners, during the war. The leading officers of this Company protested against this injustice, and on its consummation, withdrew and organized the "GLOBE MUTUAL," on principles more liberal and just than those yet adopted by any other Insurance Company. In the event of death in battle or in a duel, the equitable value of the policy will be returned to the heirs. ALL other Companies forfeit it. In case of suicide, the FULL Policy is paid. No restriction on travel. This Company has, in its guarantee fund of \$500,000, an element of strength possessed by no other Company. It offers the entirely new feature of Probability Endowment, which gives the largest possible sum for the premium paid. No other Company poses this feature. Insures children of any age. In the moderation of its premium rates, in the variety of its tables, in its dividends and in the security offered insureds, it invites comparison with any other Company. JOHN C. HASKELL, State Agt., Columbia, S. C. Prof. JOHN T. DABBY, Medical Examiner. Gen. S. B. BUCKNER, Southern Manager. Agents wanted throughout the State.
